Increase Your Product's Sustainability with Plant-Based Film

McCourt offers a wide range of labeling materials that will help your company achieve its sustainability goals while propelling your products beyond the competition. RafBio PE 85 is a sustainable alternative to standard fossil-based polyethylene (PE) films. Made from sugarcane ethanol, RafBio PE 85 can be combined with multi-purpose adhesives to create labels that are ideal for a range of labeling applications across a variety of industries.

Here are some benefits of RafBioPE 85:

- Contains more than 80% renewable plant-based raw material
- Can be recycled in the same recycling streams as fossil-based PE
- Reduces greenhouse emissions, lowering a product's carbon footprint
- Excellent flexibility for squeezable and contoured containers
- Available in white or clear

Contact our sustainability experts for more information on how McCourt can help your company reach its environmental goals!

Customer Satisfaction Survey

McCourt is always looking for ways we can improve and be the best label supplier we can be for you, our valued customer. We would love to get your feedback on how we did this past year along with what types of products or services would you like to see in 2023. Please help us by completing this very short, 1-page survey, if you have not yet responded to previous requests. The information we gather will help us to improve and possibly expand offerings to better serve you. We appreciate your input

Forest Film: Sustainable Wood-Based Label Material

The first film label material that is 100% wood-based and is sourced from sustainably managed forests is now available. Forest Film allows our customers to replace fossil-based materials with renewable ones, without compromising on performance. This material not only supports today's circular economy, but also ensures that raw materials are as sustainable as possible.

Contact McCourt for more information on making a positive environmental impact!

Good Friday Closing

This notice is to inform you that McCourt Label will be closed **Friday, April 7th 2023** in observance of Good Friday. We will reopen for business on Monday, April 10th.

Please keep this closing in mind, as it may affect order processing and shipment times. Also note, shipping companies' holiday schedules may differ from that of McCourt.

From the McCourt Team, have a safe and happy holiday!
